

Apply to Rails Girls LA March 15&16th 2014

#15

Name *	Aviva Sterns
Email *	aviva.sterns@gmail.com
Experience Level Check All That Apply	<ul style="list-style-type: none"> • I have worked on some Ruby and/or Rails tutorials • I have my computer set up to work in Ruby & Rails
Do you have any previous programming experience? Please explain. What languages? For how long? What did you make? In school or on your own? Do you currently program? This helps us group students when working in small groups. *	I have very little functional programming experience - I have quite a bit of Excel foo (I can make a terrific spreadsheet) and I have been trying to learn Ruby and Rails for several months. I am also now attempting to learn Python in order to take an online MIT class.
Do you have any experience programming with Ruby or Rails? Please explain. Same as above. *	I have been trying to learn Ruby for several months (I am on lesson 26 of Learn Ruby the Hard Way) and I have installed everything necessary for Rails but might need to re-install some and so far have very little experience.
How did you hear about Rails Girls LA? *	I heard about it through the meetup even invite, I am a member of the Westside Ruby on Rails Thursday night meetup (thought haven't been lately due to work conflicts).
What inspired you to want to come to this workshop? *	I really want to sit myself down and start learning Rails - I feel a need to break into this industry and I have a ton of projects I'd like to start working on that are beyond my skill level, but I have been working massive overtime and can't often make it to the weeknight meetups.
What operating system do you use? *	Windows (Microsoft)
Are you over 21 years old? It's okay if you are not. ;) *	Yes
If No, how old are you?	
Do you have any dietary restrictions that we should be aware of? *	I am gluten free.
