Apply to Rails Girls LA March 15&16th 2014

#13

Name *	Kara Clarke
Email *	karas.clarke@gmail.com
Experience Level Check All That Apply	• I am a total beginner - super nubie :) • I have html and css experience • I have done some programming before but it was a long time ago • I have worked on some Ruby and/or Rails tutorials
Do you have any previous programming experience? Please explain. What languages? For how long? What did you make? In school or on your own? Do you currently program? This helps us group students when working in small groups. *	I have experience with HTML and CSS, I learned them in night classes but have continued on my own. I have done some of the tutorials for Ruby at www.codecademy.com, I really want to have a better understanding of Ruby and how you can build custom content management systems with it. I have also explored some of the php and Javascript tutorials on www.codecademy.com.
Do you have any experience programming with Ruby or Rails? Please explain. Same as above. *	I have very very limited experience, I use online tutorials.
How did you hear about Rails Girls LA? *	I originally heard about them by searching for training opportunities for women, but I was notified about the upcoming event because I was emailed by the meet - up group.
What inspired you to want to come to this workshop? *	Im really passionate about open source learning opportunities. While I'm resourceful and I continue to develop skills on my own, I learn a lot better when people are involved and I can ask questions.
What operating system do you use? *	OS X (Apple Mac)
Are you over 21 years old? It's okay if you are not. ;) *	Yes
If No, how old are you?	
Do you have any dietary restrictions that we should be aware of? *	No
