Apply to Rails Girls LA March 15&16th 2014

#**7**

Name *	Julianne Tveten
Email *	jctveten@gmail.com
Experience Level Check All That Apply	• I have taken a RailsGirls or Railsbridge workshop before but want to learn more
Do you have any previous programming experience? Please explain. What languages? For how long? What did you make? In school or on your own? Do you currently program? This helps us group students when working in small groups. *	Very little, only in the form of a couple of workshops/study groups I've attended. I work for a small Web startup that uses Ruby on Rails as the primary programming language (I work in content, not engineering) and have been curious to learn more and increase my facility for some time now.
Do you have any experience programming with Ruby or Rails? Please explain. Same as above. *	See above.
How did you hear about Rails Girls LA? *	One of my former coworkers helped organize a workshop that I attended in 2012. This constituted my first exposure to Ruby, and I found it easy and fascinating.
What inspired you to want to come to this workshop? *	I'm really interested in learning more about coding/programming, particularly with Ruby. I miss having the opportunity to think mathematically on a regular basis and apply concepts I've learned to solve increasingly complex problems.
What operating system do you use? *	OS X (Apple Mac)
Are you over 21 years old? It's okay if you are not. ;) *	Yes
If No, how old are you?	
Do you have any dietary restrictions that we should be aware of? *	Vegetarian (I don't eat meat or fish)
